Dear Margaret-

Now that I am back in England, just a note to say that I am very aware of the responsibility that rests on my shoulders as a member of the Falkland review.

You could not have given us a better start both in the House & elsewhere & we should be very grateful for this.

I feel very honoured that you thought of me at when we start our work & I will do my best to try to see that we produce a fair and unbiased record of events, set in their correct context.

Very best wishes

Harold
